The Collector of taxes is hereby adopting a policy of accepting partial payments of property taxes as provided for by Section 31.07(C) of the Tax Code and request the Court's approval.

The purpose of this action is two fold. In the first part, it will allow persons of limited means to avoid excessive penalties on amounts they can not pay. In the second part, it will increase collections by accepting a payment less than the total due when this smaller amount is all the taxpayer is able to pay.

Dear Mike:

In reference to your question, Whether your office can accept partial payment of taxes for a certain item of property, subsection (c) of Section 31.07 of the Property Tax Code would permit partial payment of taxes on a single item of property for the amount of taxes which are billed separately and with the approval of the taxing unit's governing body.

The adoption of subsection (c) of Section 31.07 when read with subsections (a) and (b) tend to indicate that the change was adopted to facilitate partial payments as long as it is clear what taxes are being paid at the time so that any penalty and delinquencies can be clearly ascertained.

Sincerely,

A handwritten signature in cursive script that reads "Robert S. Nisbett".
