Humane Society of Gregg County, Inc.
Animal Shelter
303 Enterprise Street
Longview, TX 75604

December 7, 2002
To: All Governmental Units Presenting Animals to the Shelter

For 20 years the animal shelter has unconditionally accepted all animals brought to its doors. As a matter of good business practice, the Board of Directors of the Humane Society of Gregg County, Inc. (HSGCo) determined on November 12, 2002 that the cost of caring for the 13,000 animals handled by the shelter each year should pay for itself. Therefore, the following announcement will be posted at the shelter and will become effective January 1. 2003.

POLICY

Effective 1/1/2003 the bearer of all animals brought to the Animal Shelter of the Humane Society of Gregg County, Inc. (HSGCo) from any city or county, **not** under contract with the HSGCo for the fiscal year of 10/01/2002 to 09/30/2003, will be charged **$20 per animal** or **$30 per litter** upon receipt by the shelter. Payment for each animal must be made before the shelter staff accepts the animal. All other animal surrender documents must be completed before the staff receives the animal.

This policy applies to all citizens and agents of non-contract entities. The board emphasizes that persons from cities or counties that have valid contracts with the HSGCo will not be charged for submitting animals to the shelter. A list of cities and counties with valid contracts will also be posted at the shelter. The board greatly appreciates those governmental entities with the foresight to assist the Animal Shelter in its efforts to care for the stray and lost animals of East Texas.

Sincerely,

Lee B. Pigeon, Sr.
President

SPECIAL ROAD USE AGREEMENT CONTRACT

THE STATE OF TEXAS ()

KNOW ALL MEN BY THESE PRESENTS

COUNTY OF UPSHUR ()

The undersigned Dixie Logging, Inc., hereinafter referred to as First Party, enters into and makes an agreement with Upshur County Commissioner of Precinct No. 2, Upshur County, and in order to get material to market it is necessary to use a portion of Upshur County roads located in Precinct No. 2, over which Commissioner has jurisdiction and obligation to maintain in good repair, and both parties being aware of possible damage to said roads as result of hauling on and over same, enter into the following agreement:

1.

First Party agrees to use only that section of (describe exact route, direction and miles in tenths) Hwy 155 turn left on Northstream appx 1 mile.

2.

TO. THE UPSHUR COUNTY COMMISSIONERS COURT
COUNTY OF UPSHUR
GILMER, TEXAS

PRECINCT 4 DATE 12-3-02

Formal notice is hereby given that Casey Bunn whose principal address is 3651 S. Mimosa Gilmer does hereby propose to place a culvert within the ROW of County Road Nutmeg.

The location and description of the proposed lines or appurtenances is more fully shown by three (3) copies of drawings attached to the application. Proposed construction will begin, if approved, on or afer the 3 day of December, 2002.

I, Casey Bunn, hereby attest that I have read the conditions set forth in this application and understand it's contents.

NAME:

PHONE. 725-5575 725-7972 fax

APPROVAL OF PERMIT APPLICATION

The Upshur County commissioner Court offers no objections to the location on the right of way of your proposed culvert as shown by accompanying drawings and notice dated December 3, 2002, except as noted below:

It is expressly understood that the Upshur County Commissioners Court does not purport, hereby, to grant any right, claim, title, or easement in or upon this county road; it is further understood that in the future should for any reason Upshur County need to work, improve, relocate, widen, increase, add to or in any manner change the structure of this right of way, this appurtenance, if affected, will be moved under the direction of the Upshur County Commissioners Court representative and shall be relocated at the expense of the owner within thirty (30) days upon receipt of notice from the Commissioners Court.

All work on the County right of way shall be performed in accordance with the Commissioners Court instructions The installation shall not damage any part of the roadway and adequate provisions must be made to cause minimum inconvenience to traffic and adjacent owners. Specifications for placing this line are as follows:

1. Barricades, warnings signs, lights and flag men when necessary shall be provided by the contractor or owner. One half of the traveled portion of the road must be open at all times.
2. All lines, where practicable, shall be located to cross roadbed at approximately right angles. No lines are to be installed under or within 50 feet of either end of any bridge. No lines shall be placed in any culvert or within 10 feet of the closest point of same.
3. Parallel lines will be installed as near the right of way lines as possible and no parallel line will be installed in the roadbed or between the drainage ditch and the roadbed without special permission of the County Commissioners Court.

VOL 63 PG 550

4. Overhead lines will have minimum clearance of 18 feet above the road surface at the point of crossing
5 Operations along roadways shall be performed in such a manner that all excavated material be kept off the surface at all times, as well as all operating equipment and materials. No equipment for installation procedures will be used which will damage any road surface, roadbed, structures or other right of way feature. Any expenditure that is a direct result of this installation will borne by owner of this line.
6. All lines under roads carrying pressure in excess of 50psi shall be enclosed in satisfactory casing extending from the right of way line to the right of way line. Pipe used for casing may be of any type approved by the County Engineer or Commissioners Court and shall be capable of supporting load of roadbed and traffic and shall be so constructed that there will be no leakage of any matter through casing for its entire length; Inside diameter of casings shall be at least 2 inches greater than the largest diameter of carrier pipe, joints or couplings
7. All excavations within the right of way and not under surfacing shall be backfilled by tamping 6 inch horizontal layers. All surplus material will be removed from the right of way and the excavation finished flush with surrounding natural ground.
8. All ground lines are to be installed a minimum of 36 inches below the flow line of the adjacent drainage or borrow ditch (Any material placed in county right of way be permit will be of a nature or composition that said line can be located with the sue of a standard locator device used in locating buried cables and pipe)
9. Lines crossing under roads and under cross roads within the right of way will be placed by boring Boring shall extend from crown line to crown line Gravity flow sewer lines under roadway will be cast iron or equivalent pipe
10. Where evidence is presented indicating the impracticability or boring or tunneling, the Commissioner Court may grant permission to cut the surface no wider than 4 inches In the event a cut is permitted the following conditions will govern (a) Excavation areas are to be filled and packed with compatible material (b) The surfacing will be replaced with equivalent quality surfacing.
11. Notice will be given to the precinct Commissioner 48 hours prior to starting construction of the line in his precinct.
12. Where in the opinion of the Commissioners Court it may be necessary to protect losses incurred by damage to the roads, bridges or right of way structures, they may by action of the court require a surety bond in an amount sufficient to cover any damages.
13. Where, in the opinion of the Commissioners Court, an inspector is necessary, the party receiving permit will bear the cost of inspection.
