Honorable County Judge and
Commissioners' Court of
Upshur County, Texas

In planning and performing our audit of the financial statements of Upshur County, Texas for the year ended September 30, 2004, we considered the County's internal control structure to determine our auditing procedures for the purpose of expressing an opinion on the financial statements and not to provide assurance on the internal control structure.

However, during our audit, we became aware of several matters that are opportunities for strengthening internal controls and operating efficiency. The memorandum that accompanies this letter summarizes our comments and suggestions regarding those matters. This letter does not affect our report dated May 20, 2005, on the financial statements of Upshur County, Texas.

We will review the status of these comments during our next audit engagement. We have already discussed many of these comments and suggestions with various personnel, and we will be pleased to discuss them in further detail at your convenience, to perform any additional study of these matters, or to assist you in implementing the recommendations.

ANTIFRAUD PROGRAMS AND CONTROLS

Antifraud programs and controls are the policies and procedures put in place by an organization to help ensure that management directives are carried out. They are part of the overall system of internal control established to achieve reliability of financial reporting, effectiveness and efficiency of operations, and compliance with applicable laws and regulations. An organization's management is responsible for designing and implementing effective systems and procedures for preventing, deterring, and detecting fraud With the recently intensified focus on fraudulent financial statement reporting, as well as the ever-present risk of misappropriation of assets, many organizations are now more interested in establishing effective antifraud programs and controls.

The risk of fraud can be reduced through a combination of prevention, deterrence, and detection measures However, fraud can be difficult to detect and the time and expense required for fraud investigation can be very costly. Therefore, it is essential to place a strong emphasis on fraud prevention, which may reduce opportunities for fraud to take place, and fraud deterrence, which could persuade individuals that they should not commit fraud because of the likelihood of detection and punishment

The AICPA fraud task force of the Auditing Standards Board commissioned a group of organizations and individuals with expertise in the area of fraud prevention, deterrence, and detection to develop guidance to help companies improve their antifraud programs and controls. In November 2002, the AICPA and six other professional organizations jointly published a document titled, "Management Antifraud Programs and Controls: Guidance to Help Prevent, Deter, and Detect Fraud." This document identifies measures entities can implement to prevent, deter, and detect fraud. It discusses these measures in the context of three fundamental elements. Broadly stated, these fundamental elements are:

1) create and maintain a culture of honesty and high ethics;

2) evaluate the risks of fraud and implement the processes, procedures and controls needed to mitigate the risks and reduce the opportunities for fraud; and

3) develop an appropriate oversight process.

We recommend the County develop a heightened "fraud awareness" and an appropriate fraud risk-management program, with oversight provided by the Commissioners' Court. An effective system of antifraud program and controls should encompass prevention, deterrence, and detection techniques and activities.

PRIOR YEAR COMMENTS

OUTSTANDING CHECKS

Prior Year Comments:

During our review of cash disbursements, we noted outstanding checks older than one year that were still carried on the County's books in the following accounts: Operating, Tax Assessor, and Insurance Clearing. The possibility that these checks will be cashed is minimal, therefore, we recommend all checks outstanding over one year in all accounts be identified and written off to a liability account until the payee can be located If the payee still can not be located, the funds should then be remitted to the state in accordance with the unclaimed property laws.

Current Status:

Unchanged

FIXED ASSETS

Prior Year Comments:

Fixed assets include land, buildings, machinery, furniture, equipment and land improvements. Generally, this includes all tangible assets with a service period of more than one year. Historically, minimal effort has been expended by the County in updating its fixed asset inventory or conducting audits of physical existence

Obviously, some assets are much easier to "control" than others. For example, there is minimal risk that buildings or land could be sold without knowledge. However, other items such as computers, typewriters and furniture can be sold, stolen or lost without knowledge outside of a particular department. These assets can also be transferred between departments without knowledge. Accordingly, the County's fixed assets sub ledger, which includes description, location, and cost of items, can become inaccurate over time. The losses that inevitably arise can often be greater than the risks of fraud in cash handling.

In order to update and maintain the accounts sub ledger for assets, we recommend the following:

1. Periodic physical inventories designed to verify the existence, location and condition of all property listed in the accounts and to disclose the existence of any unrecorded units;

2. A system of retirement procedures stating reasons for retirement and listing proper approvals; and

3. Development of procedures, which interfaces the fixed asset records with the payables system to ensure all items, when purchased, is automatically added to the sub ledger.

With these procedures in place, it will become much easier to assign responsibility for assets. Also, the information will be available for effective deployment of these assets, which is becoming more important with the implementation of GASB 34.

Current Status:

The County is working towards implementation of these procedures.

BANK RECONCILIATIONS

Prior Year Comment:

In conjunction with auditing the cash accounts of the County, we reviewed the bank reconciliations for all accounts. However, a reconciliation for the Sheriff's Inmate Trust account could not be provided for the audit. Reconciling bank accounts is a vital control over the flow of cash for the County. This helps detect any errors, whether intentional or not, on a timely basis. A reconciliation of every bank account should be performed on a monthly basis

Furthermore, on the completed bank reconciliations, we found listings of outstanding checks that were, in some cases, several years old. The possibility that these checks will be cashed is minimal, therefore, we recommend all checks outstanding over one year in all accounts be identified and escheated to the state or written off to a liability account until the payee can be located. This will provide a more accurate representation of deposits held by the County.

Current Status:

Unchanged

SEGREGATION OF DUTIES

Prior Year Comment:

Proper segregation of duties within an office helps prevent errors and irregularities by denying any single employee access to an entire transaction stream. We observed employees working on the Sheriff Inmate Trust, Justice of the Peace 1, and Justice of the Peace 2 accounts who were performing incompatible duties relating to the processing of cash and reconciliation of the bank accounts. Due to the limited staff available, proper segregation of duties is not always possible. However, we advise dividing these duties as much as possible with the available staff.

Current Status:

These offices are working toward segregating compatible functions.

COMPUTER CONTROLS

Prior Year Comment:

A single employee has complete control of the Computer Department and its operations The County's computer system is a very complex and integrated network that is tailored specifically for Upshur County. Therefore, a definite need exists for cross-training additional employees to maintain the operations of the network and hardware in the event of that person's absence. This is particularly essential in the back up of computer information on a regular basis by a qualified employee. We recommend another person be trained in these areas so that service can be provided to the County without interruption.

Another concern with the Computer Department is its location within the Treasurer's office and the unlimited access to computer equipment by employees of other offices. Each of these offices contains sensitive equipment and documents which should have restricted access. Therefore, to secure the server, network equipment, check stock and personnel files from unnecessary access, we advise physically separating these two offices or providing secured separate rooms for the equipment and files

Current Status:

Unchanged

TAXES RECEIVABLE

Prior Year Comment:

The County presently has a large receivable for delinquent property taxes. A significant portion of this receivable is from properties which have been struck off of the tax roll by the Commissioners' Court, but have not been removed from the Tax Assessor's ledger. These struck-off receivables should be removed completely from the tax roll so that an accurate accrual for property taxes can be made in the financial statements.

Current Status:

Unchanged

PERMIT APPLICATION FOR USE OF UPSHUR COUNTY RIGHT OF WAY

TO THE UPSHUR COUNTY COMMISSIONERS COURT
COUNTY OF UPSHUR
GILMER, TEXAS

FILED
[illegible] ROSENBERG
COUNTY CLERK

PRECINCT 4 DATE May 2, 2006 2006 MAY 15 AM 11:51

Formal notice is hereby given that Paula Chamberlain [illegible] COUNTY, TEX. whose principal address is 1813 Lime Tree BY, does hereby purpose to place a Culvert within the ROW of County Road Lime Tree DEPUTY. The location and description of the proposed lines and appurtenances is more fully shown by three (3) copies of drawings attached to the application. Proposed construction will begin, if approved, on or after the 15th day of May, 2006. I, Paula Chamberlain hereby attest that I have read the conditions set forth in this application and understand its contents.

SIGNATURE: Paula Chamberlain
TELEPHONE: 725-5883
cell 790-5959

APPROVAL OF PERMIT APPLICATION

The Upshur County Commissioners Court offers no objection to the location on the right of way of your proposed Culvert as shown by accompanying drawings and notice dated May 2, 2006, except as noted below

It is expressly understood that the Upshur County Commissioners Court does not purport, hereby, to grant any right, claim, title or easement in or upon this county road, it is further under-stood that in the future should for any reason Upshur County need to work, improve, relocate, widen, increase, add to or in any manner change the structure of this right of way, this appurtenance, if affected, will be moved under the direction of the Upshur County Commissioners Court representative and shall be relocated at the expense of the owner within thirty (30) days upon receipt of notice from the Commissioners Court

All work on the County right of way shall be performed in accordance with the Commissioners Court instructions. The installation shall not damage any part of the roadway and adequate provisions must be made to cause minimum inconvenience to traffic and adjacent owners Specifications for placing this line are as follows:

1. Barricades, warning signs, lights and flag men when necessary shall be provided by the contractor or owner. One half of the traveled portion of the road must be open at all times.
2. All lines, where practicable, shall be located or cross roadbed at approximately right angles No lines are to be installed under or within 50 feet of either end of any bridge No lines shall be placed in any culvert or within 10 feet of the closest point of same.
3. Parallel lines will be installed as near the right of way lines as possible and no parallel line will be installed in the roadbed or between the drainage ditch and the roadbed without special permission of the County Commissioners Court.
4 Overhead lines will have minimum clearance of 18 feet above the road surface at the point of crossing.

5. Operations along roadways shall be performed in such a manner that all excavated material be kept off the surface at all times, as well as all operating equipment and materials No equipment for installation procedures will be used which will damage any road surface, roadbed, structures or other right of way feature Any expenditure that is a direct result of this installation will be borne by owner of this line.

6 All lines under roads carrying pressure in excess of 50psi shall be enclosed in satisfactory casing extending from the right of way line to right of way line. Pipe used for casing may be of any type approved by the County Engineer or Commissioners' Court and shall be capable of supporting load of roadbed and traffic and shall be so constructed that there will be no leakage of any matter through casing for its entire length; inside diameter of casings shall be at least 2 inches greater than the largest diameter of carrier pipe, joints or couplings

7 All excavations within the right of way and not under surfacing shall be backfilled by tamping 6 inch horizontal layers.

8. Any material placed in County right of way by permit will be of a nature or composition that said line can be located with the use of a standard locator device used in locating buried cables and pipes.)

9. Lines crossing under roads and under cross roads within the right of way will be placed by boring. Boring shall extend from crown line to crown line Gravity flow sewer lines under roadway will be cast iron or equivalent pipe

10. Where evidence is presented indicating the impracticability of boring or tunneling, the Commissioners Court may grant permission to cut the surface no wider than 4 inches In the event a cut is permitted the following conditions will govern: (a) Excavation areas are to be filled and packed with compatible material; (b) The surfacing will be replaced with equivalent quality surfacing.

11. Notice will be given to the precinct Commissioner 48 hours prior to starting construction of the line in his precinct.

12. Where in the opinion of the Commissioners Court it may be necessary to protect losses incurred by damage to the roads, bridges or right of way structure, they may by action of the Court require a surety bond in an amount sufficient to cover any damages

13 Where, in the opinion of the Commissioners Court, an inspector is necessary, the party receiving permit will bear the cost of inspection

LETTER AGREEMENT

UPSHUR COUNTY, TX.
BY _____ DEPUTY

Date: May 9, 2006

This Letter Agreement is made and entered into by and between Upshur County, Texas, ("County") and David Cummings, the owner or person legally entitled to possession of the above described property ("Property Owner")

RECITALS

WHEREAS, County is the possessor of certain dirt, silt, or other products of right-of-way dredging which County is desirous of disposing without unjustifiable transportation or stockpiling expenses; and

WHEREAS, Property Owner represents that he is the owner or legal possessor of the referenced property and is desirous of County disposing of said dirt, silt, or other dredging by-products upon Property Owner's property for Property Owner's utilization of the same; and

NOW, THEREFORE, in consideration of the mutual benefits to the parties hereto, the parties agree as follows:

1. Property Owner hereby expressly gives permission for County, through its Road Department, to enter on Property Owner's property, hereby authorizing necessary rights of ingress, egress and regress therefrom for the purpose of disposing of certain dirt, silt or other by-products of right-of-way dredging.

2. County agrees that it will use due care to avoid damage to Property Owner's land in the disposal of said materials upon Property Owner's property, nevertheless, Property Owner agrees that Upshur County and its agents disposing of these materials onto Property Owner's property will not be held responsible for any related damage in connection with said disposal of these materials onto Property Owner's land, and Property Owner hereby agree to indemnify and hold County harmless from contents of the dredged material and from any and all other damages to persons or property associated with County's placing said material on Property Owner's property.

3. Both parties agree that this letter agreement contains the parties' entire agreement.

Proclamation Declaring
May as Elder Abuse Prevention Month

WHEREAS, People who are elderly or have disabilities have contributed to the general welfare of Upshur County by helping to preserve customs, convictions, and traditions of many people from diverse backgrounds; and

WHEREAS, These residents are vital and integral members of our society and their wisdom and experience have enriched our lives; and

WHEREAS, Abuse of the elderly and people with disabilities in domestic and institutional settings is a wide-spread problem, affecting hundreds of thousands of people across the country; and

WHEREAS, Texas Adult Protective Services workers completed **67,023** investigations of which **45,392** cases of Abuse, Neglect and Exploitation were confirmed against our elderly Texans or those with disabilities in **2005**; and

WHEREAS, Elder abuse is grossly underreported because the elderly who are being abused find it very difficult to tell anyone and are usually ashamed and sometimes afraid; and

WHEREAS, Elder abuse happens to men and women of all income levels, all cultural and ethnic groups, whether they are in good health or incapacitated in some way, in poor neighborhoods and in suburbia; and

WHEREAS, Many of the cases investigated by Adult Protective Services in Texas involve self-neglect and it is our duty as concerned citizens to reach out to people in need;

NOW, THEREFORE, I, Dean Fowler, County Judge for Upshur County, do hereby proclaim the month of May 2006 to be Elder Abuse Prevention Month in Upshur County, and urge all citizens to work together to help reduce abuse and neglect of people who are elderly or have disabilities.

Dated this 15 **Day of May, 2006**

Dean Fowler, County Judge
