Subject: Budget Adjustment Request 3.16.20
Attachments: Gilmer Tech Invoice-Disaster Recovery.pdf

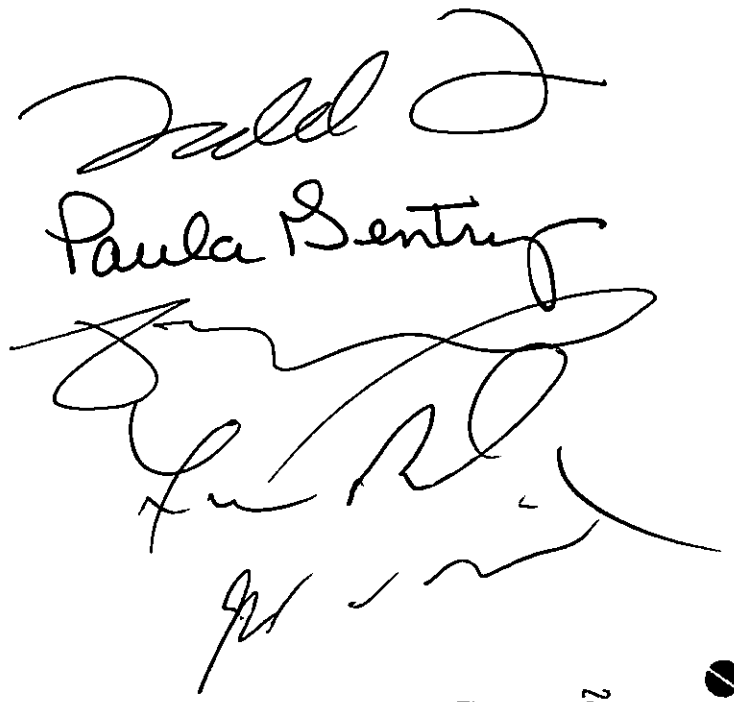

Attached is the budget adjustment request for review and approval at the 3.16.20 meeting. The request is to transfer \$ 9,520.00 from the IT Department computer equipment line item to the IT Consultant line item. Attached is an invoice from Gilmer Tech regarding disaster recovery from the ransomware virus attack on January 31, 2020.

I believe that the 136 hours detailed on the attached invoice is a very conservative number. I was updated on a daily basis by Gilmer Tech and believe they likely expended more than that.

During the disaster recovery, Gilmer Tech scanned every computer on the County Network, updated all computers to Windows 10, installed new security software and installed an i-mail firewall.

Please let me know if you have questions.
